Best Relative performance by a Junior other than the Junior Club Champion

Champagne Moment of the Tournament

The “**Champagne Moment**” is intended to reward the best or most entertaining one-off individual performance which may present it itself in any number of ways. Examples by way of illustration could be the biggest upset, the best game, the best finish to a game (sacrifice, combination), the best swindle. This is not intended to be an inclusive list, but you should get the idea.

If you think one or more of your games in any of the rounds or part of them would justify popping a cork then please present it to the Tournament Secretary. Submissions will be published for peer enjoyment, review & comment, though the ultimate decision will rest with the majority vote of the Committee at its meeting in May which follows round 9.
